THE GHOST HOUSE

There were 5 friends Krish, Pranav, Nakulan, Yogesh, and Enia who went to their new house. It was late night at 12 am when they went to their house ,it was very dark. Then Krish said "this is our new house". Then Pranav said "first we will go to the terrace". Then they went to terrace.

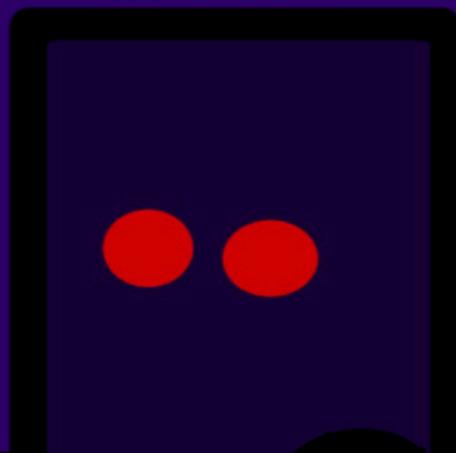

When they went to terrace, CRASH!... a sound came from downstairs then everybody came downstairs and saw ,but nothing was there. Nakulan questioned what happened then he saw the kitchen and there were two red eyes , Nakulan saw that and he scared and he came to bedroom ,but he didn't say about it.

Then everyone went to sleep. Krish and Pranav in one room and Nakulan, Yogesh, Enia slept in another room. While every one was sleeping, somebody knocked the bedroom door in which Krish and Pranav were sleeping. Then Krish and Pranav woke up and opened the door, but nobody was there. They thought that Yogesh, Nakulan or Enia has knocked the door so they were going to the room in which Yogesh, Nakulan and Enia were sleeping , while they were going they also saw the two red eyes, then they scared and ran to the room were Yogesh, Nakulan and Enia were sleeping.

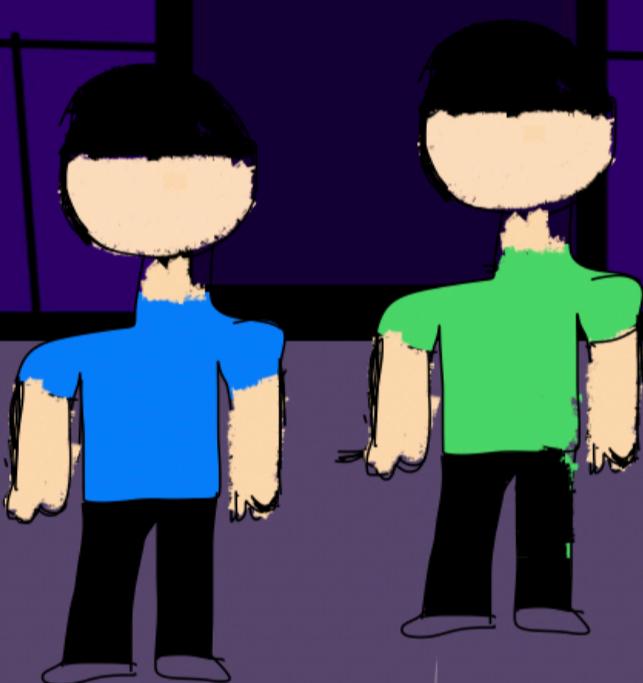

KITCHEN

GASP! What is that? Is it a ghost?

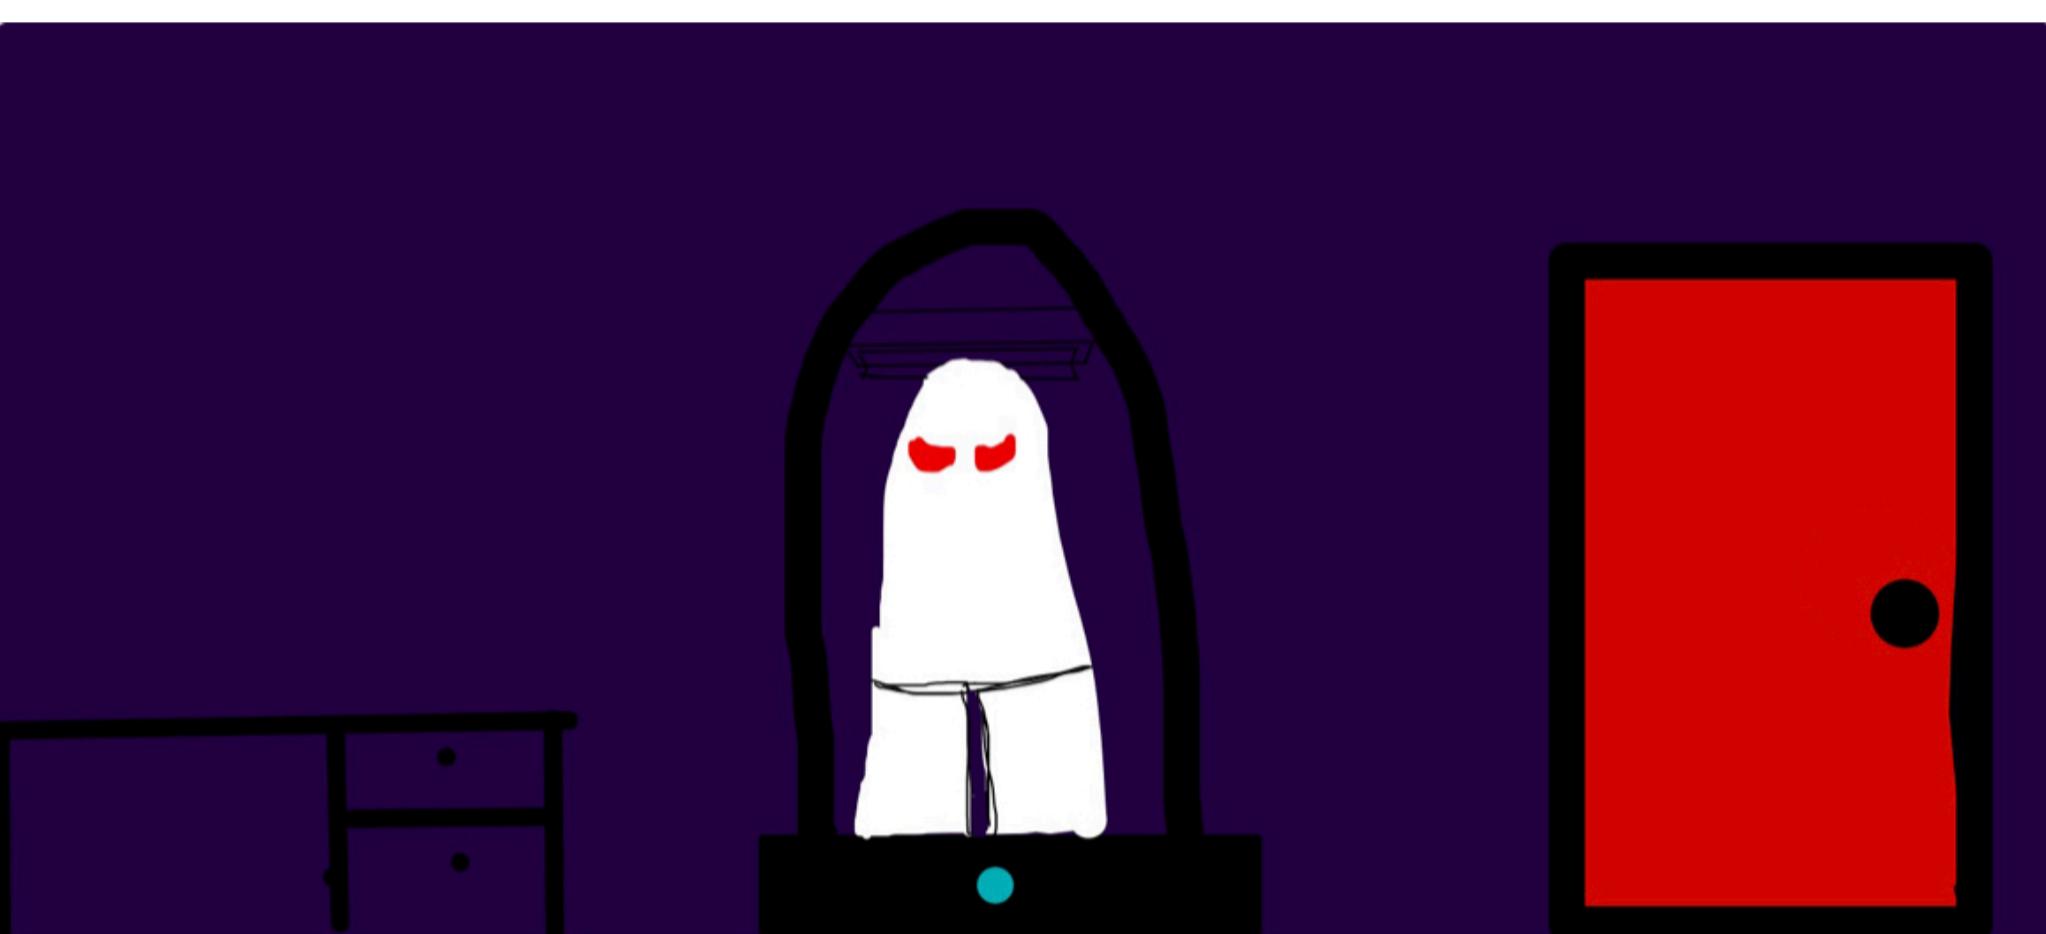

I think yes, then what?

RUN!

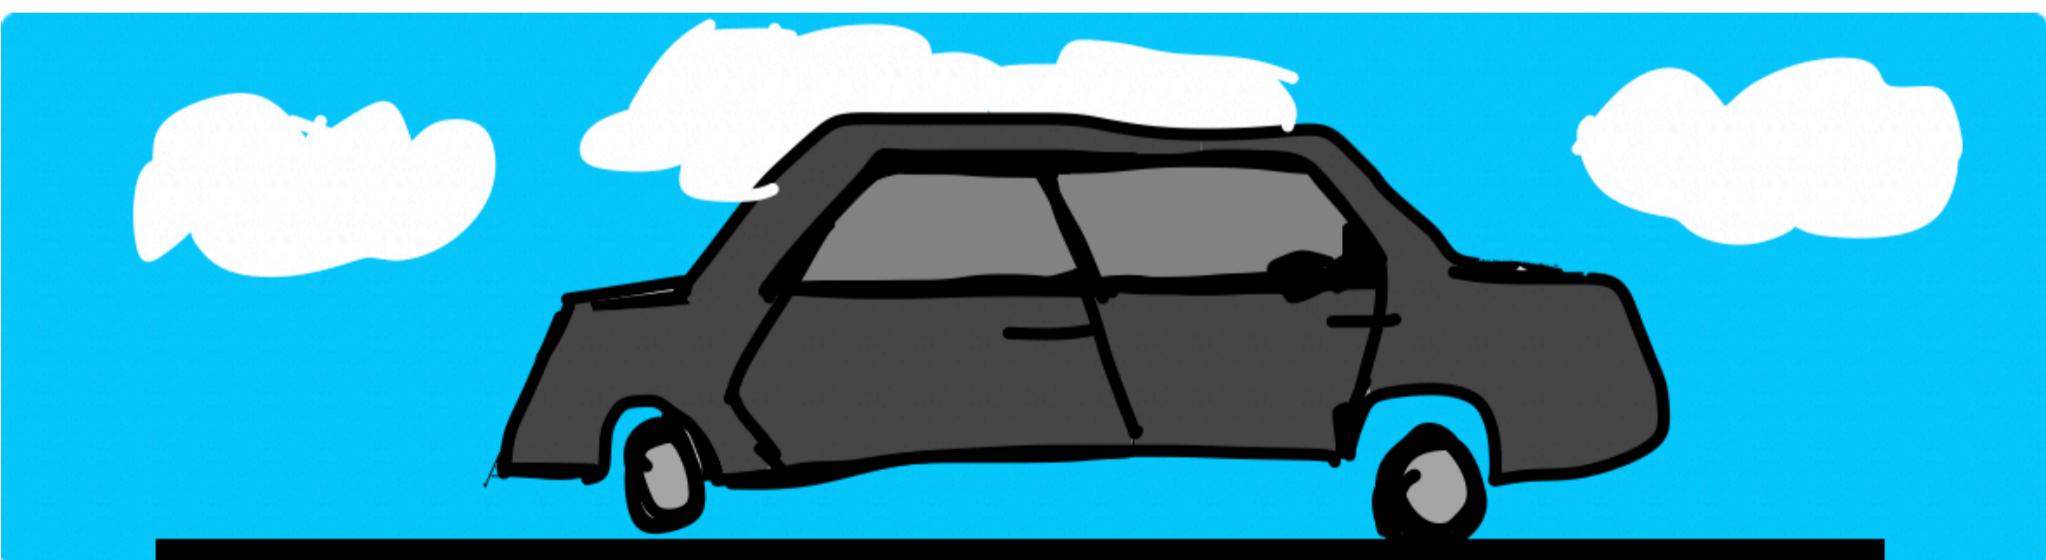

When they went to the room, they opened the door very fast because they were scared about the red eyes. Then 3 of them woke up because Krish opened the door fast, and Yogesh asked "what happened", but Krish and Pranav said "nothing, we want to sleep in your room" they said like that because Yogesh, Enia, and Nakul don't

want to be scared at night. While everybody were sleeping, Krish saw some white thing with red eyes in the mirror of dressing table in that room, but he was able to see only on the mirror and not at that room.

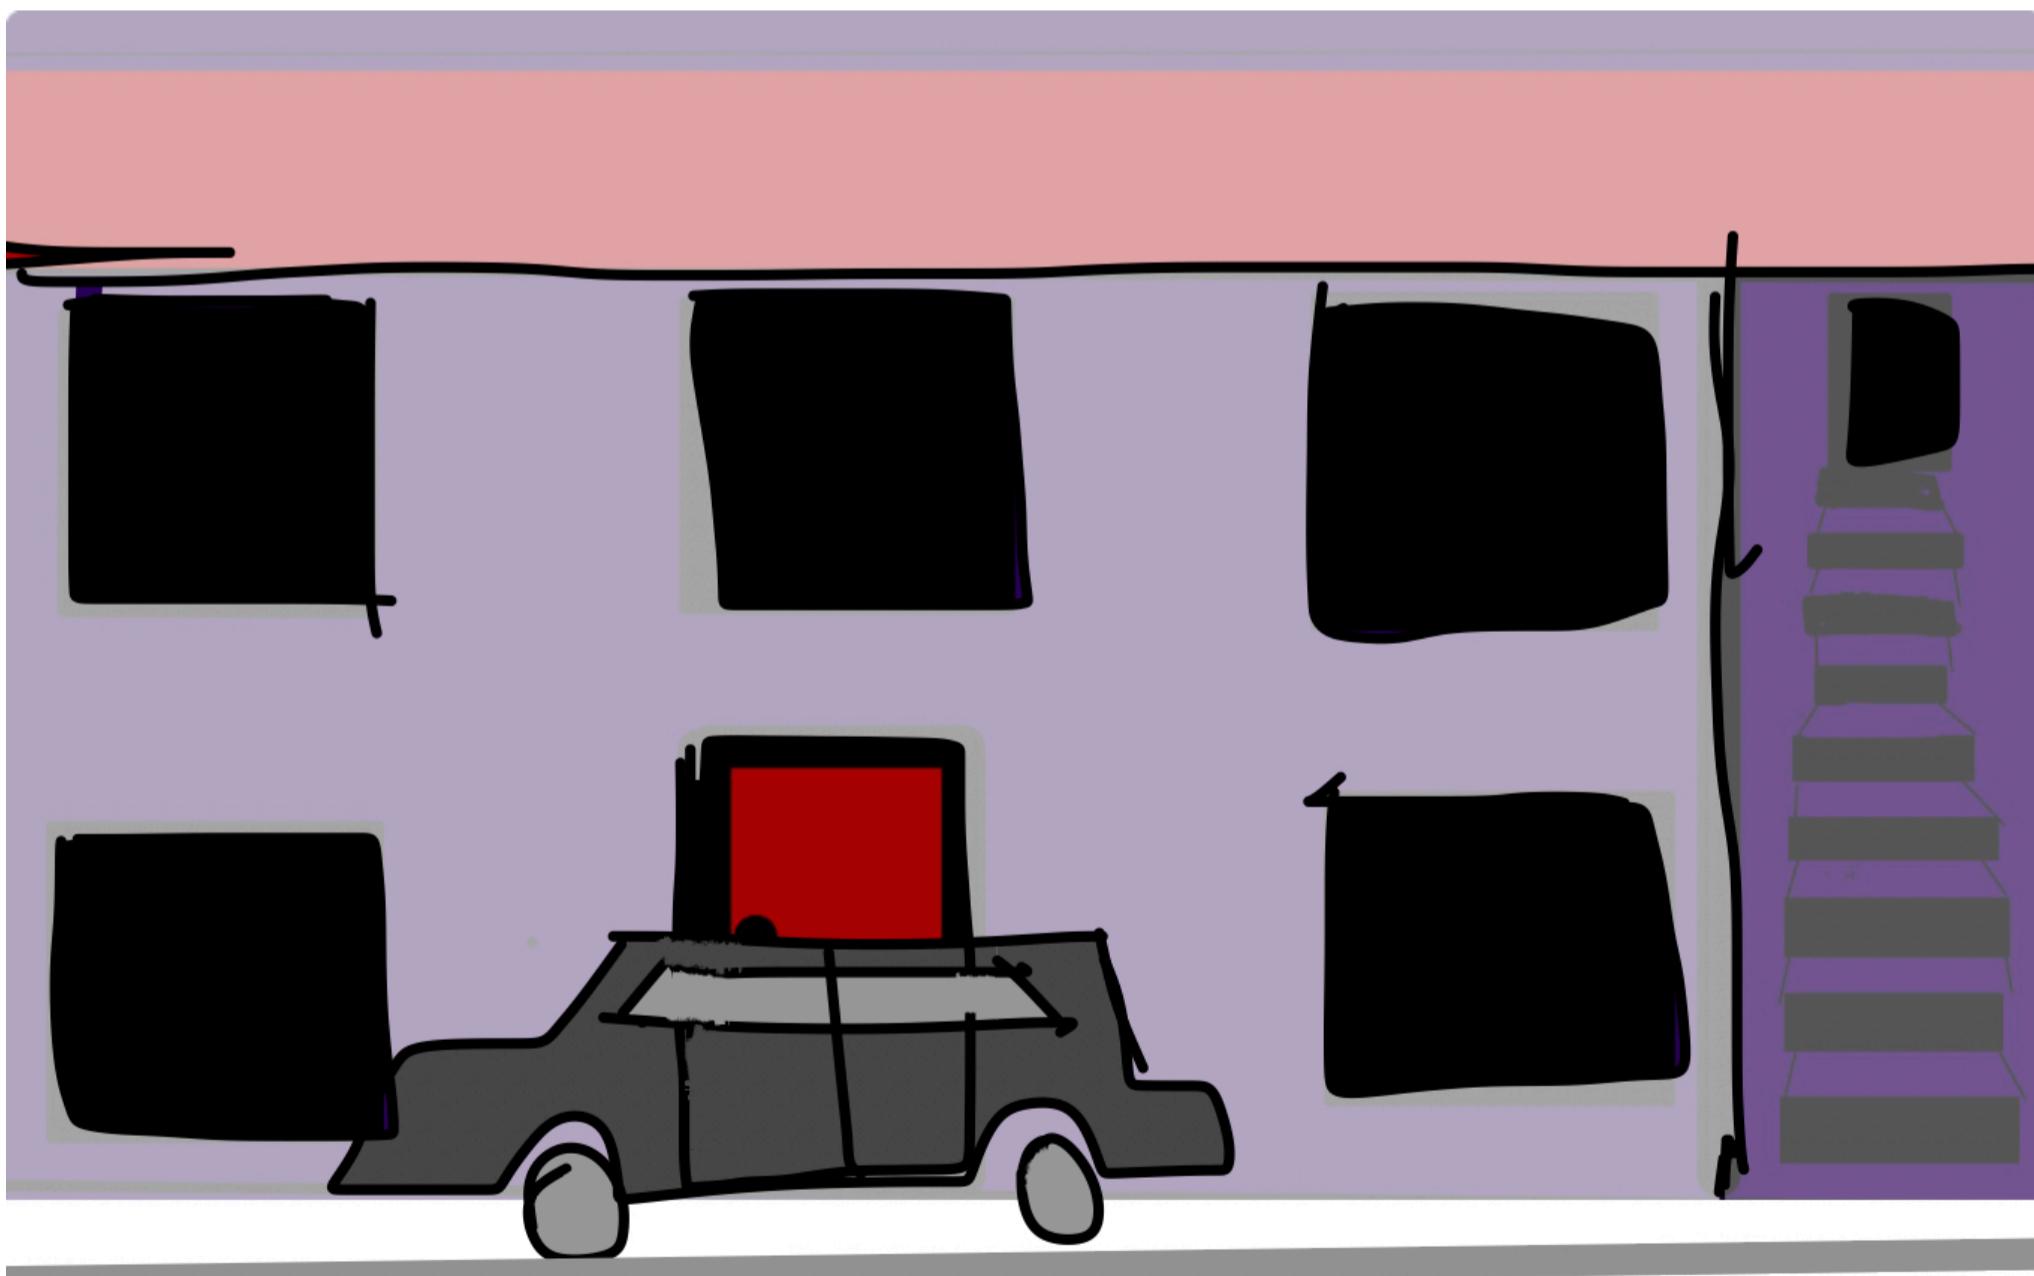

In the morning they went to buy products, because it is their new house.

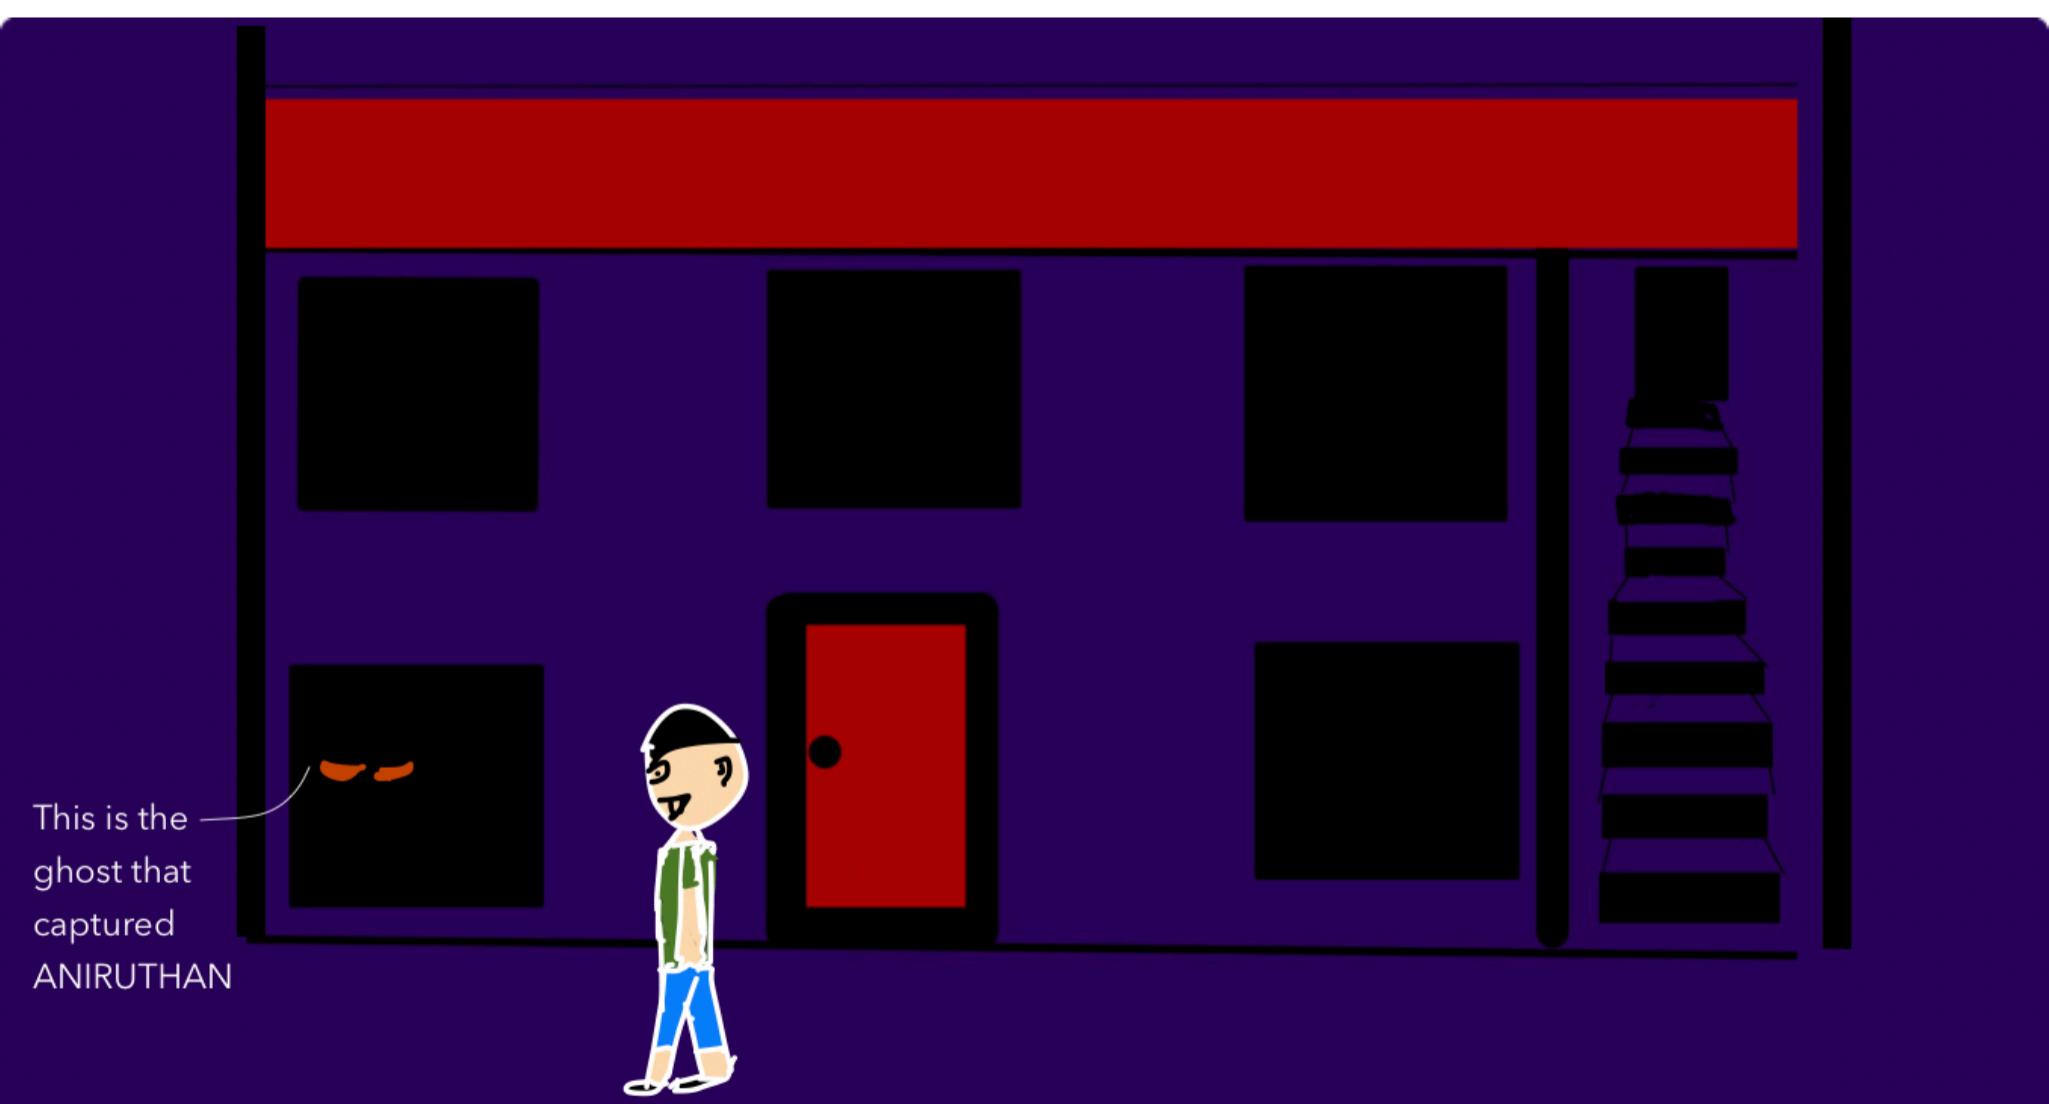

While they were going in the car, Krish said "our house

is a ghost house" then Enia asked "how can you say that it is a ghost house?" then Nakulan said "yes, because yesterday night when I went to see how the sound came, I saw a red eye, then Pranav stopped Nakulan and said "yes, I and Krish also saw the red eyes yesterday" then Enia interrupted Pranav, and asked "why you didn't say about it?" then Pranav said "we didn't want you to be scared at night", then Nakulan said "I thought that was a small light". Then they went to the house and saw what is that ghost.

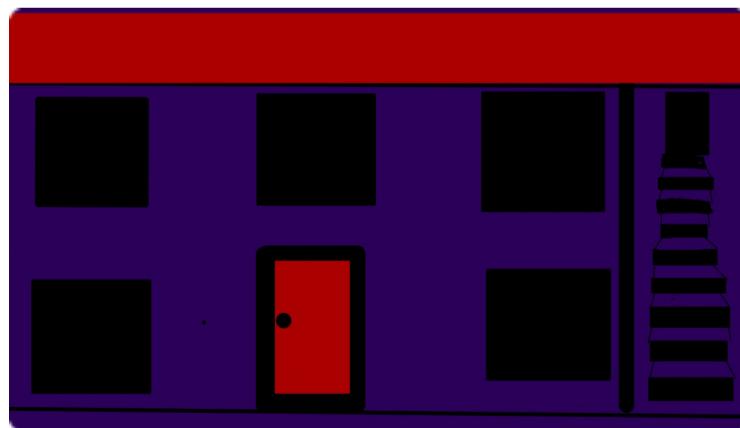

Then they went to call a person to kill the ghost. Then they called him through the phone and he came to their house. Then he said few lines, then the ghost came, then the person suck the ghost into a box and locked it totally. Then Aniruthan (he is also friend of Krish, Pranav, Nakulan, Yogesh and Enia) came from the ghost. Then Krish asked why are you coming from a ghost, then Aniruthan said that "last week, night I came here. Then I came near this house, then a ghost came and captured me , then I too became a ghost. Then everybody said "oh that's why you became a ghost".

Then everybody went to a forest and buried the box.

After burying the box, they six friends (including Aniruthan) went to their house and lived happily without any ghosts.
